KONINGSHOF EXPERIENCE

Koningshof offers you a unique experience for organizing [educational] events, creative sessions, workshops and festivities for both formal and informal occasions.

GREENHOUSE

Our greenhouse is an ambient space where you'll sit beneath our very own grapebunches. Our greenhouse can be turned into a unique location for many occasions. Depending on the season, we offer multiple options; want to have breakfast, lunch or dinner with up to 45 people at one big table? No problem! We also facilitate presentations and lectures with up to 50 seats. Workshops are possible as well for around 30 people. For any occasion where seats are not required, we have the space for up to a 100 people.

OUTSIDE AREA, ORCHARD AND FLOWER MEADOW

On our property you'll find multiple young fruittrees. These carefully selected trees grow in the midst of our meadow of grass. In Spring, Summer and Fall, this place offers the perfect space for many purposes like;

- Picnic's and [wine]tastings
- Spiritual or sport events [Yoga/Tai Chi]
- Workshops

***“Leave all your worries behind and experience the seasons at Koningshof”
